MR16 LED Light Bulb 12V

NEW! STATE OF THE ART MR16! The latest and most exciting product to be introduced. Saves power and gives you usable light. Do not compare this with other LED light bulbs on the market, these actually work! They should give you as much light output as a standard 25 watt light bulb, but consumes 8 times less power! Our new 5W MR16 actually gives you 2x more light than our 3W, near 50W normal light bulb.

Specifications:

- MR16 LED Light socket 12V
- 3 Watt High Power LED giving you Super Light output 70 lumens
- 40 Degree lense shines a nice beam.

Application:

- Standard MR16 track lighting sockets
- Entertainment Lighting
- Architectural Lighting
- City Beautification
- Medical lighting
- Portable Lighting
- Low Power Use Lighting in Home

Features:

- High Brightness
- 12V MR16 Operation
- Environmental protection
- Saves Power (only 3 watt, 5% of the average 60 watt bulb)
- Many applications in Home/Business
- Uses normal US sockets such as any other 60 watt bulb
- 20X the lifetime of a normal bulb while saving you energy!
