Brightest SMD MR16 380 Lumen Bright White LED = 35 Watt

[Click to Enlarge](#)

Product Code: 1223WH

We are proud to introduce our all new super bright LED replacement bulb for any standard MR16 application. This bulb works with a 4.6 watt LED to give you 45 degree spot illumination that is comparable to a 35 watt incandescent bulb. By replacing your standard incandescent MR16 bulbs with LEDs you will reduce greenhouse gases by consuming less energy. As a result your energy costs will go down significantly as well. This SMD MR16 costs less than \$1.00 per year to operate. (cost to operate taken based on national KWH costs, and an estimated 8 hour per day usage) The SMD LED will fit into any standard MR16 application, and has an estimated LED life of 40,000 hours and 1 year Warranty.

Electrical and optical characteristics (Ta = 25°C)					
	Symbol	Values			Unit
		MIN	TYP	MAX	
In put voltage	Vin	--	12	--	V _{AC/DC}
In put current	Iin	380			mA
